

Perfect riding weather greeted the 50 competitors who arrived at Emborough for our Saturday afternoon event.

The 12 sections were set out with the forecast rain in mind, however even though it never materialised they were just hard enough to get a good spread of results.

Judy's section 1 seemed to take a good number of marks on the B and C route, probably due to the final turn around a tree on a bank. The A route seemed to pick up most of their marks on Andrea Cottle's section 9, this was also a 50/50 section.

Thanks to Barry Roads and Jason Atwell who have spent many hours/days over the winter to clear some dead wood and brambles. This has opened up some new sections for us to use.

It was nice to see a couple of competitors returning to trials after many years and some new to Bath Classic riders.

A huge thank you to the observers that turned up and offered to help, very much appreciated by all, also to Steve the land owner for letting us use his land at short notice.

Our next event is the Mendip 2 day at Lambs Lair on the 17th and 18th of May. 1.00pm start on Saturday and 10.30 start on Sunday. Overnight camping is available on the Saturday night.
